WELCOME

We are honored that you have chosen us as your health care provider. We have exciting news regarding your health management with our practice.

As we continue our efforts to provide our patients with the highest quality of care, we are constantly looking for methods of working together with our patients to ensure that you are not only aware of, but also involved in the management and improvement of your health.

We are proud to inform you that our practice now offers the opportunity to use the power of the World Wide Web to track the most important aspects of your health care through our office. Our Patient Portal enables our patients to communicate with our doctors, nurses, and staff members easily, safely, and securely via the Internet.

Participating patients are given secure User IDs and passwords, enabling them to access the Patient Portal to view their personal and private documents, including lab and diagnostic test results, educational information, billing statements, and other health information.

Through the Patient Portal, you are able to:

* Ask questions of doctors, nurses and staff members

* Request refills and referrals

* Schedule appointments

* View your personal health records

* Examine your current and past billing statements

…all from the comfort of your home, whenever it is convenient for you!

By using the Patient Portal, you no longer have to call the office, leave a message and wait for a return call to get the results of your test results; those results will be available to you through the Patient Portal. You can also send a message to the office through the portal and get a prompt reply.

To learn more or to sign up, contact our office today at 352-633-1966. Or, go to our website, www.cvcfl.com, and follow the simple instructions to register.
